

# SOC 4930/5050: Weekly Prep 13 - BibTeX Citations

Christopher Prener, Ph.D.

November 20<sup>th</sup>, 2017

## Directions

Complete all of the following questions. A text file with the BibTeX entry should be uploaded to your GitHub assignment repository by 4:15pm on Monday, November 20<sup>th</sup>, 2017.

## BibTeX Basics

1. Go to [Google Scholar](#) and search for R.A. Fisher's immensely influential text *Statistical Methods for Research Workers*. Under the entry for the 1925 edition published by Genesis Publishing Pvt Ltd, you can see that it has been cited almost 18,000 times.

2. Click the Cite icon (looks like a double quote) under the entry. You can see the icon in the image above - it is the second icon from the left.
3. At the bottom of the pop-up window, click the BibTeX link.
4. Scan the syntax of the BibTeX entry quickly, and notice how all of the common components of a bibliography entry are organized.
5. Copy-and-paste the BibTeX entry that appears into a text file that you create using RStudio, Notepad (Windows), or TextEdit (macOS). Name the file "bibliography.bib".
